Don't just take our word for it... here's what 2011 course delegates said:

- Very informative, clear teaching. Inspiring yet practical. Very well thought out and delivered. Gorgeous food.
- A brilliant weekend. Enjoyable, interesting, exciting!
- First rate, inspiring and instructional weekend. Certainly left me wanting to learn more.
- Wonderful to be with 'kindred spirits' and able to discuss anything and everything. Excellent.
- Practical, very enjoyable and supportive atmosphere.
- I thought this was a fabulous introduction to dowsing – combining a technical approach with flavours of further areas for more specialist study.

How do I become a BSD Member?

Anyone interested in dowsing may apply to join the Society. You do not have to be able to dowse as beginners are always very welcome.

The Society has over 1500 members worldwide.

By joining the Society you will support the work of the Charity and enjoy the benefits of membership which include the journal – Dowsing Today, and our electronic newsletters, access to information, the chance to meet other members and to take part in the various meetings that are held.

You can join online via our website, by post or phone the office and we will be happy to help.

Special membership offer available now – only £30 in the first year!

Foundation Course in Dowsing

'An ancient craft for our modern world'

This is where your exploration of the world of dowsing begins!

We offer courses for complete beginners right through to training for professional dowsers and dowsing tutors. We specialise in offering the best dowsing tuition at the right level for you, to ensure you develop to your full potential.

For most people, dowsing is a useful and fascinating skill which can enhance their lives in so many ways:

- Optimise health and well-being
- Enable personal empowerment and intuition
- Seek out lost and hidden things
- Engage with our invisible world
- Explore the science behind the art
- Develop awareness of the significance of ancient places

Once you have completed a Foundation Course, advanced courses offer specialism in whichever areas appeal to you. Many people take time to decide the direction in which they wish to advance; you can progress at your own speed.

Our advanced courses include dowsing for: Health & Well-Being, Water & Site Features, Archaeology and Earth Energies & Environmental Healing.

There is simply no substitute for learning with an experienced dowser in a small group of people. All BSD Registered Tutors are experts who undergo selection and monitoring. You will be learning from a tutor who is also a professional dowser.

Our Foundation Courses are limited to 16 people so there's plenty of individual attention. Many tell us how much they also learn from others on the course - and good friendships are forged. So many times we are told how wonderful it is to be with a group of like-minded people, something you can't experience on-line.

Our tutors also have a responsibility to offer support after the weekend course is over, so that when you go on to practise what you have learnt, there's someone to encourage and advise you.

What happens during a course?

First, you learn about how many possibilities lie ahead. Dowsing is a tool which will open so many doors and you will never look at life in the same way again. To understand what dowsing can give you, it is important to appreciate its origins and development. The weekend is then a complete practical 'taster' of the main uses of dowsing and how to use the tools. There is opportunity for lots of practical experience with the tutor on hand to inspire and guide you. (Practice tools are provided.)

Where are the courses held?

Courses are run in carefully chosen locations: good quality village halls in interesting places, appropriate for the course subject. Delicious lunches and refreshments are included and we can also provide a list for staying at local Bed & Breakfast.

How do I book?

Just choose which venue suits you, then complete and send us your application form. We will then confirm your place and send you full information.

If you would like help and advice or to discuss the course options, please contact us and we will be most happy to help.

Please see the additional leaflets for our full range of more advanced courses on dowsing for health, environmental healing and earth energies and water and site dowsing.

BSD may have to substitute a tutor if the one advertised becomes unavailable.
